

**NOTICE OF FINAL DECISION
TO REISSUE A HAZARDOUS WASTE MANAGEMENT PERMIT TO
ROHM AND HAAS CHEMICALS LLC**

The Tennessee Department of Environment and Conservation's (TDEC) Division of Solid Waste Management (DSWM) has made a final decision to reissue a hazardous waste management permit to Rohm and Haas Chemicals LLC (R&H), EPA Identification Number: TND 05 866 0390, located at 730 Dale Avenue in Knoxville, Knox County, TN 37921. The permit was reissued on September 28, 2007, and shall remain in effect until September 28, 2017, unless continued, revoked and reissued, or terminated under applicable regulations. This action follows a 45-day public comment period, which ended on August 6, 2007. No comments were received from the public during this comment period. However, comments were received from R&H and the Environmental Protection Agency (EPA) and are addressed in the [Response to Comments](#).

The permit (TNHW-132) allows the facility to continue to store hazardous waste in containers in one storage area with a maximum storage capacity of 9,900 gallons and one tank with a maximum storage capacity of 7,900 gallons. Also included as part of this permit are the corrective action conditions for the solid waste management units (SWMUs) and areas of concern (AOCs). R&H shall be required to investigate any releases of hazardous waste or hazardous constituents pursuant to this permit at the facility regardless of the time at which waste was placed in a unit and to take appropriate corrective action for any such releases. These conditions also require notification of imminent hazards, and when applicable, compliance with the requirements developed under land disposal restrictions and organic air emission standards.

This permit is reissued under the authority of the Tennessee Hazardous Waste Management Act of 1977, as amended, Tennessee Code Annotated, Section 68-212-101 et seq., and Tennessee Rule Chapter 1200-1-11, Hazardous Waste Management.

Copies of the permit, including the [Response to Comments](#), are available for public inspection at the Lawson McGhee Public Library, 500 W. Church Ave., Knoxville, TN (865-215-8748). These materials are also available for public inspection during normal business hours, 8:00 a.m. to 4:30 p.m., Monday through Friday, except legal holidays, at the TDEC Knoxville Environmental Field Office, Public Access Area, 3711 Middlebrook Pike, Knoxville, TN 37921 (865-594-6035).
